

LICEUM OGÓLNOKSZTAŁCĄCE Z ODDZIAŁAMI DWUJĘZYCZNYMI IM. ADAMA MICKIEWICZA W PIASTOWIE

is a proud member of international community as an IB World School authorized school. We are delighted to inform about satisfactory completion of authorization process for the Diploma Programme that ended in April 2022

SHARING AN IMPORTANT MISSION

We believe in the importance of IB's mission and wish to develop internationally minded people who, recognizing their common humanity and shared guardianship of the planet, help to create a better and more peaceful world. To invigorate school life and deliver the mission we introduce a challenging programme of international education and rigorous assessment at the same time encouraging students to become active, compassionate and lifelong learners, who understand that other people, with their differences, can also be right.

Our aim is to educate and raise students who represent the following learner profile attributes:

- **Inquirers**
- **Knowledgeable**
- **Thinkers**
- **Communicators**
- **Principled**
- **Open-minded**
- **Caring**
- **Risk-takers**
- **Balanced**
- **Reflective**

THREE CORE ELEMENTS

In addition to the six subjects, there are other three obligatory elements that are required from all IB students throughout the DP to be completed. The three core subjects are included in the examination and represent an important part of the programme as Diploma Programme addresses the intellectual, social, emotional and physical well-being of students:

Theory of Knowledge trains you to think critically, inspires the inquirer in a learner being ready to continue his/her education independently. There are 3 lessons a week during which students explore and discuss how knowledge is acquired and what are its limitations and biases. Grades for the course are based on a TOK Essay of around 1600 words from one of the prescribed titles and on an Exhibition prepared and presented by you.

Extended Essay is an extensive research project in one of the subjects. The essay you write will be of 4,000 words. For that, you will immerse yourself more deeply in one of the six subjects of your choice for study in DP under the supervision of your selected teachers. Through Extended Essay students become acquainted with the independent research and writing skills expected at university.

The CAS is shaping the student's personality while experiencing activities within three fields: creativity, action, and service. Students are required to initiate and take part in regular CAS experiences and projects in and out of school over at least 18 months.

THE IB DIPLOMA PROGRAMME LASTS TWO YEARS AND THROUGHOUT THIS PERIOD STUDENTS ARE OBLIGED TO:

- complete six subjects out of at least 5 of the subject groups,
- receive a positive grade in the final exams scheduled for each selected subject,
- complete the Diploma Programme core: TOK, CAS, Extended Essay.

INTERNATIONAL BACCALAUREATE

is a foundation registered in Switzerland in 1968. It offers four educational programmes to more than 1.95 million students across the globe with over 7,400 programmes being offered worldwide, across over 5,400 schools in 159 countries, including 55 Polish high schools with the IB DP.

WHO IS THE DIPLOMA FOR?

The DP is an academically challenging and balanced programme of education for the third and fourth year students in high school.

Programme structure

The school organizes time for learning and teaching that provides a broad, balanced and connected curriculum. Our language of instruction is English. The programme consists of six subjects chosen from the following five categories. You have to choose one subject from each group and one additional subject from groups: Experimental Sciences or Language Acquisition.

Studies in Language and Literature

Language A: Polish, or School Supported Self Taught (other languages for foreign students)

Language Acquisition

English B, French B, or German ab initio

Individuals and societies

History

Experimental Sciences

Biology, Chemistry

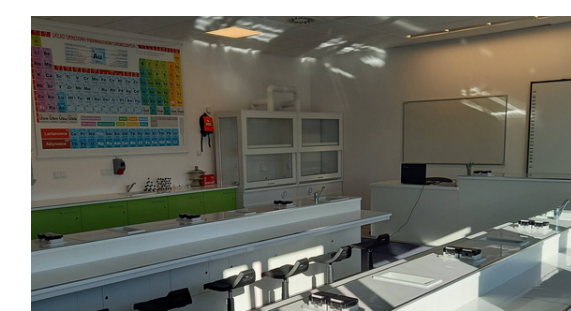

Mathematics

Mathematics: analysis and approaches

You study three subjects at Higher Level (240 hours) and three at Standard Level (150 hours). The school's intention is to extend the teaching offer to include the following subjects: Physics, French ab initio, Russian ab initio, German B, Geography.

WHY IB?

- participating in challenging and unique programme of education;
- gaining the access to a prestigious university that you desired to study at;
- learning in small groups and consultations with the teachers;
- innovative trends and guidance towards academic work;
- focus on practice (project work) instead of theory;
- a guarantee of a high level of English as the instructional language;
- individual approach, tailored to you needs;
- further education worldwide recognizing the strength of Diploma Programme
